## How Connected Building Solutions Help with Reputation

### **Building & Information Security**

Security is paramount when it comes to protecting your data center and the information within it. Security features are at the core of Distech Controls' hardware and software, and we can also integrate security systems and CCTV with your turnkey building automation system.

## How Connected Building Solutions Help with Response Time

### **Reporting, Analytics & Dashboards**

Our flat IP-based controls network allows for data to be seamlessly accessed, analyzed and utilized to make smart business decisions. Our ENVYSION visualization interface gives you customizable looks at trends, alarms, and maintenance, making it possible for you to take quick, effective decisions.

### **Alarm Management**

With upfront and remote visibility into details and locations of alarms, you can remotely troubleshoot, quickly solve problems and be prepared with the right tools and equipment when necessary.

## How Connected Building Solutions Help with Reliability

### **Precise Environmental Conditions**

Our state-of-the-art controls maintain and monitor your facilities within precise environmental conditions 24/7, helping maintain proper equipment operations and successful remediation of hotspots.

**Security features are built directly into hardware and software like TLS 256-bit encryption, built-in HTTPS server and HTTPS certificates.**

# Products

## ENVYSION

Responsive, web-based graphic design and visualization interface

## ECLYPSE Controller Series

Connected IP and wi-fi product series

## EC-Net

Web-based multi-protocol building automation and energy management platform

## HORYZON

IP based capacitive multi-touch color display

# Connecting people with intelligent building solutions for better health, better spaces, better efficiencies.

Distech Controls has set the standard in the industry for innovative, cost-effective, and truly open building and energy management systems that help increase operational savings and sustainability throughout the life cycle of your facilities.

The following is a sample of data centers efficiently operating thanks to Distech Controls' solutions:

- Metronode Data Centers, Silverwater and Unanderra, Australia
- Pacnet Data Centre, Sydney, NSW, Australia

And many more.
